Medical aid and education for schoolchildren India.

### **Project Completion Report.**

#### **About us**

BGM is a registered charity and volunteer organization who strive to assist and uplift key sections of rural communities in need. We place special emphasis on education and sustainable development of basic human requirements for tribal people and rural women and children. We have been working in this field for over 25 years and have helped over 4,000 families in many rural communities across Kerala.

#### **Mission Statement**

With your time, money or resources you can have an ever lasting impact on the everyday lives of these wonderful communities in need. Together we can help build an equal, healthy and sustainable future by providing the tools they need to succeed.

## **Our 4 key areas of development**

### **1. Education**

Free after school education centers for children.  
Environmental and social awareness classes.  
Free computer training.

### **2. Women's empowerment**

Women's self help group and centre.  
Trade teaching groups; Candle making, natural detergent making, greeting card making and Sari making and decorating.  
Development of rural economy through micro loan programs.

### **3. Water and sustainability**

Water well construction.  
Animal distribution.

### **4. Health and hygiene**

Latrine construction.  
Tribal Ayurvedic clinic.  
Rural sanitation and hygiene projects.  
Child health and nutrition training.

## **Donation from Vincentius Vereniging.**

BGM provide with the help of Vincentius Netherlands five after school programme salaries with school material help for our rural underprivileged children. The children and teachers are very happy.

We are submitting here some after school children with teachers photos for your kind consideration.

**Frans Wiegmans, BGMSSC-ambassador, visits every year to see the results in person. In this photo together with director Wilson, february 2016. Many years until november 2015 Frans was writing these sponsors reports. He is responsible for developing a model in reporting that has now been followed by the Indian team. Because from november 2015 onwards, the Indian team-members themselves are responsible for writing reports for sponsors. However, Frans will still be monitoring the reporting done by the Indian side, and he is happy to find out there was no need to change any word in this first report. He likes to see the Indian team developing their own voice. Still these reports will be issued from the Dutch adress by this Dutch ambassador for BGM Social Service Centre Trust India. When you are missing reports please drop us an email. Thanks a lot for your donation. Yours Sincerely,**

**Wilson Kochukunju, Director for BGM Social Service Centre Trust, India.**
