**Frans Wiegmans, BGMSSC-ambassador, visits every year to see the results in person. In this photo together with director Wilson, february 2016. Many years until november 2015 Frans was writing these sponsors reports. He is responsible for developing a model in reporting that has now been followed by the Indian team. Because from november 2015 onwards, the Indian team-members themselves are responsible for writing reports for sponsors. However, Frans will still be monitoring the reporting done by the Indian side, and he is happy to find out there was no need to change any word in this first report. He likes to see the Indian team developing their own voice. Still these reports will be issued from the Dutch adress by this Dutch ambassador for BGM Social Service Centre Trust India. Thanks a lot for your donation.**

**Yours Sincerely,**

**Wilson Kochukunju, Director for BGM Social Service Centre Trust, India.**
